But as Thomas Hager admirably proves in his new book, The Alchemy of Air, Fritz Haber and Carl Bosch not only changed history, they made much of recent human history possible. As Hager solemnly notes in his introduction, 'the discovery described in this book is keeping alive nearly half the people on earth.'As with almost all technological advancement, however, there is a downside.

Another good one by Thomas Hager I got this after reading Mr. Hager's "Demon Under the Microscope," which is one of the best books I've read in a long time. "The Alchemy of Air" isn't in the same class but is written with the same level of completeness and mix between science and social factors.

~~The Alchemy of Air: A Jewish Genius, a Doomed Tycoon, and....~~
Quotes by Thomas Hager "Where there were once several competing approaches to medicine, there is now only one that matters to most hospitals, insurers, and the vast majority of the public. One that has been shaped to a great degree by the successful development of potent cures that followed the discovery of sulfa drugs.
