Removable Partial Dentures Color Atlas Of Dental Medicine

They're removable so you can clean them, although part dentures can be brushed at the same time as your other teeth. A full set needs to be removed and soaked in a cleaning solution. Dentures are important if you lose your natural teeth, as losing your teeth makes it difficult to chew your food, which will adversely affect your diet and may cause your facial muscles to sag.

Removable dentures - Case Study. A 3D Scan was used to avoid dental ' putty impressions '. This case used the latest 3D scanning techniques to avoid the traditional impressions used when making dentures. This speeds up the whole process and resulted in a very natural looking and well fitting denture.
