This really is an excellent medical textbook ... Easily covers undergraduate medicine.' 'Pocket Essentials is a great little book to review the night before you start on a rotation. It is small enough that you can easily read over the chapter and then appear on the ward with a good idea of what is going on.' 'In short this book is concise, succinct and gets straight to the point.' 'This book summarises everything you need to know: causes, diagnoses and treatments.' 'I am finding this book very helpful and more importantly very concise. It has most things you need to know about common clinical pathologies.' '... I turned to Pocket Essentials of Clinical Medicine as my clinical medicine

reference guide – and what a guide! An excellent book, which gives you the clinical features, investigations and management for a whole variety of different illnesses. The book is clearly laid out, and even has normal blood chemistry values at the end. Do yourself a favour and buy this book!' 'This mini paperback is a must for anyone studying medicine. It gives all the information one would need and all without the pain of carrying around a large book.' 'I liked this book ... it was useful having a smaller reference book ... to carry around on wards etc. – it's more digestible and easier to follow than big K&C, and gives a little more background than the Oxford Handbook – and I know people
