"An educational guide based on the Publication manual of the American Psychological Association"--Cover.

There's a fine line between love and hate and they were about to cross it. My name is Samantha Ross and this is my life. I existed in a world that few know. Rundown trailers and crime-ridden streets were my home. Drugs and alcohol were the norm and happiness was the exception. I lived from day to day never knowing if I would have a roof over my head or food in my stomach. My life sucked. It took from me and gave nothing back. But there was one certainty in my life. A black smudge on my window of hell. Cole Walker. He was a criminal. A thief. He brought hell and damnation with him wherever he went. He hurt and destroyed. He took and gave nothing in return. He was heartache and despair wrapped up in a perfect gorgeous package. Fast cars and fast women were his hobbies. His vices. But he had many. I was one of them. I was his addiction and his craving. His enemy on this earth. I feared him. I hated him. I loved him even more. He would either be my destruction or my salvation... Maybe even both.

Offers an architectural overview of the programming language, including Entity Beans, Session Beans, transactions, design strategies, and XML deployment descriptors.
