Noam Chomsky's How the World Works (HWW) has an awfully high-falutin' title, but it seems to be quite accurate in describing the content. HWW is actually a collection of four abridged books, some of which are interviews with Chomsky, others of which are books that had been written by Chomsky.

How the World Works by Noam Chomsky - Goodreads

To see reality (or at least the next level of reality) we have to step back from our conditioning and view the world with fresh eyes, as if for the first time. If you are reading these words, it is probable that, deep down, you feel that something is wrong with the world.

The Real Secret - Wake Up to How The World Really Works

The world works good except they steal technology legally, make fucked up laws, hiding things in the web, all that with the world money supposedly at 80 trillion, is in a so called debt, while we don't know what they do exactly with this money I let you calculate that lol and lastly the companies that were supposed to save us are becoming extremely vicious and banks are wanting more companies that we can't find
