Notable Children's Book An IRA-CBC Children's Choice Eileen Christelow's *Vote!* has everything you need to know about voting and how our democracy works—parties, voter registration, campaigns, rallies, debates, Election Day, even recounts! Topics are presented in a clear, kid-friendly graphic format as the story of a local election unfolds, with hilarious commentary by the candidates' pets. Includes updated back matter for the 2018 midterm election.

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

The remarkable story of Sandra Day O'Connor's family and early life, her journey to adulthood in the American Southwest that helped make her the woman she is today: the first female justice of the U.S. Supreme Court and one of the most powerful women in America. "A charming memoir about growing up as sturdy cowboys and cowgirls in a time now past."—USA Today In this

illuminating and unusual book, Sandra Day O'Connor tells, with her brother, Alan, the story of the Day family, and of growing up on the harsh yet beautiful land of the Lazy B ranch in Arizona. Laced throughout these stories about three generations of the Day family, and everyday life on the Lazy B, are the lessons Sandra and Alan learned about the world, self-reliance, and survival, and how the land, people, and values of the Lazy B shaped them. This fascinating glimpse of life in the Southwest in the last century recounts an important time in American history, and provides an enduring portrait of an independent young woman on the brink of becoming one of the most prominent figures in America.

Reviews and discusses landmark cases heard by the United States Supreme court from 1803 through 2000.

For more than 200 years, the Constitution of the United States has been a “working” document, maintaining the original principles upon which our nation was founded while, at the same time, changing with the country, as reflected in its amendments. While the U.S. Constitution itself outlines the basic structure of the federal government, its twenty-seven amendments address many subjects but primarily focus on the rights of individual American citizens. This booklet outlines those rights, offering historical context and other information that is both interesting and informative. The continued vitality of our democracy is dependent upon an informed citizenry. Understanding the history of the Constitution and its amendments will assist all of us in more fully appreciating these rights and responsibilities as they have evolved over time. Moreover, such understanding will ensure that these rights will continue to be exercised, valued, and cherished by future generations.

The story of how and why a group of prominent and influential men in New York City and beyond came together to help women gain the right to vote. *The Suffragents* is the untold story of how some of New York's most powerful men formed the Men's League for Woman Suffrage, which grew between 1909 and 1917 from 150 founding members into a force of thousands across thirty-five states. Brooke Kroeger explores the formation of the League and the men who instigated it to involve themselves with the suffrage campaign, what they did at the behest of the movement's female leadership, and why. She details the National American Woman Suffrage Association's strategic decision to accept their organized help and then to deploy these influential new allies as suffrage foot soldiers, a role they accepted with uncommon grace. Led by such luminaries as Oswald Garrison Villard, John Dewey, Max Eastman, Rabbi Stephen S. Wise, and George Foster Peabody, members of the League worked the streets, the stage, the press, and the legislative and executive branches of government. In the process, they helped convince waffling politicians, a dismissive public, and a largely hostile press to support the women's demand. Together, they swayed the course of history. "*The Suffragents* is proof that the clatter of dishes that America's power brokers were hearing as they sat in their smoking parlors back in the early twentieth century meant more than clean china and emptied ashtrays. Someone was cooking up plans. The book reveals the careful, never-before-told story of how women carefully calculated and planned their own liberation, directing the prominent power brokers in America into action. With smooth efficiency and the touch of a novelist, Brooke Kroeger shows how the suffragist movement, engineered by women from top to bottom, cleverly stitched in the involvement of men from all walks of professional and political life, directed by women who used neither gun nor blade to direct the men, but the weapons of intelligence, cleverness, and when necessary, subterfuge. The collaboration in this balance of power between prominent men who invested in the movement, and the women who directed them, has

everything to teach us today.” — James McBride, author of *The Color of Water: A Black Man’s Tribute to His White Mother* and *The Good Lord Bird* “Not all the suffragists who risked ridicule to march down Fifth Avenue in the big parades touting votes for women wore dresses. Brooke Kroeger meticulously documents the largely unsung role of men who publicly supported their wives, mothers, sisters, or lovers in the final dramatic decade of women’s seventy-year battle for the ballot.” — Linda J. Lumsden, author of *Inez: The Life and Times of Inez Milholland and Rampant Women: Suffragists and the Right of Assembly* “Women ‘need’ men to get the rights they deserve: after all, men had to vote to let women vote. Brooke Kroeger gives us the first history of the Men’s League for Woman Suffrage, the ‘Gentleman’s Auxiliary’ of the women’s movement. Eschewing the spotlight, they supported gender equality, as we all should, because it’s quite simply the right thing to do. With this gift, Kroeger gives us back a bit of our history.” — Michael S. Kimmel, coeditor of *Against the Tide: Pro-Feminist Men in the United States, 1776–1990: A Documentary History*
