Mary Wollstonecraft A Revolutionary Life
In her richly detailed, all-encompassing biography of the first major feminist in England, Mary Wollstonecraft, Janet Todd highlights her intellectual and sexual dilemmas, her glamorous and tumultuous life and loves. Since the first publication of Mary Wollstonecraft: A revolutionary Life in 2000, further historical evidence has been discovered ¶ a letter to Count Bernsdorf in 1795 ¶ and Janet Todd has revised this 2014 Bloomsbury Reader edition of her biography to reflect the new ...

Mary Wollstonecraft: A Revolutionary Life: Janet Todd ...
Mary Wollstonecraft led a peripatetic life as a child, somewhat downwardly mobile as her father systematically failed to make a success of his various ventures. Hers was a childhood of loss and bereavement, of petit bourgeois socialising, of never quite finding a suitable suitor or sustainable marriage.

Mary Wollstonecraft: A Revolutionary Life by Janet Todd
Mary Wollstonecraft was the first major feminist in England, author of the pioneering Vindication of the Rights of Woman in 1792. This biography argues that her life and letters are her most lasting legacy; it expands her own view of herself as one of 'those who are bold enough to advance before the age they live in' and to throw off 'prejudices', by 'the force of their own mind'.

Mary Wollstonecraft: A Revolutionary Life: Todd, Janet ...
Mary Wollstonecraft (/ˈwɪlsɪnˌkrælɪ/, also UK:/ˈkrɪlɪ/; 27 April 1759 ‡ 10 September 1797) was an English writer, philosopher, and advocate of women's rights.Until the late 20th century, Wollstonecraft's life, which encompassed several unconventional personal relationships at the time, received more attention than her writing.

Mary Wollstonecraft - Wikipedia
Mary Wollstonecraft (1759:1797) was an English philosopher in the Enlightenment tradition, writer, novelist, and book reviewer. She was an advocate for women's rights and for equality of wealth and privilege and supported the French Revolution.

The combination of Mary Wollstonecraft works, with her efforts to live a revolutionary inner and outer life has no equal. In her richly detailed, all-encompassing biography of the first major feminist in England, Mary Wollstonecraft, Janet Todd highlights her intellectual and sexual dilemmas, her glamorous and tumultuous life and loves. Since the first publication of Mary Wollstonecraft: A revolutionary Life in 2000, further historical evidence has been discovered ¶ a letter to Count Bernsdorf in 1795 ¶ and Janet Todd has revised this 2014 Bloomsbury Reader edition of her biography to reflect the new perspective this letter gives to some of the events.

First published in 1976, this was the first comprehensive annotated bibliography of Mary Wollstonecraft's works and most of the critical and biographical comments on her in English written between 1788 and 1975. It is designed both as a research tool for scholars and students and as a revelation of the quantity and variety of comment. The book is divided into three main chronological time periods of publication date and suggests the vagaries of Wollstonecraft's posthumous reputation and indicates the peaks and troughs of interest. Known as an eighteenth-century British writer, philosopher, and advocate of women's rights, Mary Wollstonecraft has received much critical attention with particular interest in her unorthodox lifestyle of the time and is now regarded as one of the founding feminist philosophers.

Pioneering eighteenth-century feminist Mary Wollstonecraft lived a life as radical as her vision of a fairer world. She overcame great disadvantages - poverty (her abusive, sybaritic father squandered the family fortune), a frivolous education, and the stigma of being unmarried in a man's world. Her life changed when Thomas Paine's publisher, Joseph Johnson, determined to make her a writer. Wollstonecraft lived as fully as a man would, socializing with the great painters, poets, and revolutionaries of her era. She traveled to Paris during the French Revolution; fell in love with Gilbert Imlay, a fickle American; and, unmarried, openly bore their daughter, Fanny. This biography of Mary Wollstonecraft gives a balanced view. Diane Jacobs also continues Wollstonecraft's story by concluding with those of her daughters.

Describing the growth of Wollstonecraft's mind and career, this acclaimed study scrutinises all her writings as experiments in revolutionising writing in terms of her revolutionary feminism. ...clearly-argued and often informative...' - Vivien Jones, British Association for Romantic Studies Bulletin and Review 'Kelly's approach demystifies Wollstonecraft's life in a most refreshing way' - Syndy McMillen Conger, Eighteenth-Century Fiction

"Mary Wollstonecraft (1759-1797) and her daughter Mary Shelley (1797-1851) have each been the subject of numerous biographies by top tier writers, yet no author has ever examined their lives in tandem. Perhaps this is because these two amazing women never knew each other--Wollstonecraft died of infection at the age of 38, a week after giving birth to her daughter. Nevertheless their lives were closely intertwined, their choices, dreams and tragedies so eerily similar, it seems impossible to consider one without the other: both became famous writers; both fell in love with brilliant but impossible authors; both were single mothers and had children out of wedlock (a shocking and self-destructive act in their day); both broke out of the rigid conventions of their era and lived in exile; and both played important roles in the Romantic era during which they lived. The lives of both Marys were nothing less than extraordinary, providing fabulous material for Charlotte Gordon, a gifted story teller. She seamlessly weaves their lives together in back and forth narratives, taking readers on a vivid journey across Revolutionary France and Victorian England, from the Italian seaports to the highlands of Scotland, in a book that reads like a richly textured historical novel"--

No feminism or feminist philosophy without "A Vindication of the Rights of Woman". Wollstonecraft argues not only that women ought to have the education of a woman should fit her position and role in society, but also that they are human beings and thus deserve the same fundamental rights as men.

In the two centuries since Mary Wollstonecraft published A Vindication of the Rights of Woman (1792), she has become an icon of modern feminism: a stature that has paradoxically obscured her real historic significance. In the most in-depth study to date of Wollstonecraft's thought, Barbara Taylor develops an alternative reading of her as a writer steeped in the utopianism of Britain's radical Enlightenment. Wollstonecraft's feminist aspirations, Taylor shows, were part of a revolutionary programme for universal equality and moral perfection that reached its zenith during the political upheavals of the 1790s but had its roots in the radical-Protestant Enlightenment. Drawing on all of Wollstonecraft's works, and locating them in a vividly detailed account of her intellectual world and troubled personal history, Taylor provides a compelling portrait of this fascinating and profoundly influential thinker.

Describes the life of Mary Wollstonecraft, the first great English feminist, founder of a school in London, and author of the first great argument for the education of women.

A compelling portrait of Mary Wollstonecraft that shows the intimate connections between her life and work
Mary Wollstonecraft's A Vindication of the Rights of Woman, first published in 1792, is a work of enduring relevance in women's rights advocacy. However, as Sylvana Tomaselli shows, a full understanding of Wollstonecraft's thought is possible only through a more comprehensive appreciation of Wollstonecraft herself, as a philosopher and moralist who deftly tackled major social and political issues and the arguments of such figures as Edmund Burke, Jean-Jacques Rousseau, and Adam Smith. Reading Wollstonecraft through the lens of the politics and culture of her own time, this book restores her to her rightful place as a major eighteenth-century thinker, reminding us why her work still resonates today. The book's format echoes one that Wollstonecraft favored in Thoughts on the Education of Daughters: short essays paired with concise headings. Under titles such as 'Painting,' 'Music,' 'Memory,' 'Property and Appearance,' and 'Rank and Luxury,' Tomaselli explores not only what Wollstonecraft enjoyed and valued, but also her views on society, knowledge and the mind, human nature, and the problem of evil;and how a society based on mutual respect could fight it. The resulting picture of Wollstonecraft reveals her as a particularly engaging author and an eloquent participant in enduring social and political concerns. Drawing us into Wollstonecraft's approach to the human condition and the debates of her day, Wollstonecraft ultimately invites us to consider timeless issues with her, so that we can become better attuned to the world as she saw it then, and as we might wish to see it now.

The founder of modern feminism, Mary Wollstonecraft (1759-1797) was the most famous woman of her era. A brilliant, unconventional rebel vilified for her strikingly modern notions of education, family, work, and personal relationships, she nevertheless strongly influenced political philosophy in Europe and a newborn America. Now acclaimed biographer Lyndall Gordon mounts a spirited defense of this courageous woman whose reputation has suffered over the years by painting a full and vibrant portrait of an extraordinary historical figure who was generations ahead of her time.
