Social media platforms like Facebook, Twitter, Instagram, YouTube, and Snapchat allow users to connect with one another and share information with the

File Type PDF Media Law

click of a mouse or a tap on a touchscreen—and have become vital tools for professionals in the news and strategic communication fields. But as rapidly as these services have grown in popularity, their legal ramifications aren't widely understood. To what extent do communicators put themselves at risk for defamation and privacy lawsuits when they use these tools, and what rights do communicators have when other users talk about them on social networks? How can an entity maintain control of intellectual property issues—such as posting copyrighted videos and

File Type PDF Media Law

photographs—consistent with the developing law in this area? How and when can journalists and publicists use these tools to do their jobs without endangering their employers or clients? Including two new chapters that examine First Amendment issues and ownership of social media accounts and content, *Social Media and the Law* brings together thirteen media law scholars to address these questions and more, including current issues like copyright, online impersonation, anonymity, cyberbullying, sexting, and live streaming. Students and professional communicators alike need to

newsgathering methods, media restrictions during wartime, libel, privacy, copyright, advertising law, freedom of information, cameras in the court, and privilege.

Electronic Media Law and Regulation is a case-based law text that provides students with direct access to case law as well as the context in which to understand its meaning and impact. The text overviews the major legal and regulatory issues facing broadcasting, cable, and developing media in today's industry. Presenting information from major cases, rules, regulations,

File Type PDF Media Law

and legal documents in a concise and readable form, this book helps current and prospective media professionals understand the complex realm of law and regulation. Students will learn how to avoid common legal pitfalls and anticipate situations that may have potential legal consequences. This sixth edition provides annotated cases with margin notes, and new chapters address such timely issues as media ownership, freedom of information, entertainment rights, and cyber law.
