Case study is a research strategy and an
inquiry which is based on the real life
problems of an individual, organization,
group or an event. Case studies are in depth
investigation about the particular
individual, group or event. A research that
gives a detailed scenario about a person,
group or event which is done for the
enhancement of the writer's assessment skills
in other words a ...

A case study is a special type of thought leadership content that tells a story. Case studies are narratives that feature real world situations or uses of products or services to demonstrate their value. A well written case study will follow a customer as they define a problem, determine a solution, implement it, and reap the benefits.

BrainMass

Caleb Pike has solved this issue by creating what is essentially a whole multicam streaming solution in a box with everything self-contained inside a little Pelican case. In this video, he shows us how he made it. It's interesting to see how many people are going the DIY route when it comes to getting the most out of their Atem Mini.

This DIY ATEM Mini case is a whole multicam streaming ...
