The Onboard Administrator service port is the enclosure link-up connector which also has a laptop icon next to the up arrow. When the enclosure link connectors are used to link enclosures, the top enclosure link-up connector will be the Service Port for all the linked enclosures. This port is a 100BaseT Ethernet jack and may be directly connected to a laptop or PC RJ45 Ethernet connector using a standard CAT5 patch cable as the wiring on the link-up connector is crossed over to allow direct ...
