Personal Roots of Representation is a provocative book that raises pressing new questions about legislative discretion and the accountability of our elected officials. Table of Contents Cover

Project MUSE - Personal Roots of Representation  
Marshaling both qualitative and quantitative evidence, Burden reveals that the personal roots of representatives' actions can be as influential as the usual suspects of partisanship and constituency--and that personal factors quite often have the greatest impact when the policymaking stakes are at their highest. Personal Roots of Representation is a provocative book that raises pressing new questions about legislative discretion and the accountability of our elected officials.

Personal Roots of Representation: Amazon.co.uk: Burden ...

Barry C. Burden's Personal Roots of Representation provides a theoretical framework for understanding why white and minority members behave differently in their jobs as representatives. Burden argues that the personal experiences and histories of representatives influence the way they perform their congressional duties.

American Elections, co-author with David Kimball of Why Americans Split Their Tickets, and editor of Uncertainty in American Politics.

Access to Voting: What Does Research Tell Us? This response to Andrew Rehfeld's "Representation Rethought" (American Political Science Review 2009) takes up his criticisms of my "Rethinking Representation" (American Political Science Review 2003) to advance a more relational and systematic approach to representation. To this end, it suggests replacing the "trustee" concept of representation with a "selection model" based on ...
