Diploma in Marine Surveying "Whilst this Diploma in Marine Surveying course primarily supports existing marine surveyors around the world, it also aims to educate future surveyors, (including non-seafarers) who have the interest and academic ability to learn about marine surveying, marine engineering and naval architecture."

Training Courses - Technical Marine Services - Surveyors

A marine survey is a detailed inspection of your boat in order to determine its condition and seaworthiness. A condition and value evaluation is part of a marine survey and helps the insurance company identify any issues that could lead to an imminent claim. It also helps set the value of the boat the insurance company uses on the policy.

Marine Survey Frequently Asked Questions | DVA Insurance

A Marine surveyor is a person who conducts inspections, surveys or examinations of marine vessels to assess, monitor and report on their condition and the products on them, as well as inspects damage caused to both vessels and cargo. Marine surveyors also inspect equipment intended for new or existing vessels to ensure compliance with various standards or specifications. Marine surveys typically include the structure, machinery and equipment and general condition of a vessel and/or cargo. It als
