Pro*C is generally used in large applications which uses C/C++ as a middle tier which contains actual business logic and interaction with database. For small scale systems, all the transaction processing which needed to be performed in C/C++, all functions are preferred to be implemented using Pro*C and generated .dll (.o and/or .so for UNIX) are used while writing front end applications.

Animal of the Year takes readers on a new visit to Happy Farm, and introduces Mutt. Although Mutt didn't think he was talented enough to compete, he was captivated by a "goose who danced on his toes and drank orange juice," and "a tiger named Baby Ruth, who chewed candy bars with only one tooth." While Mutt enjoyed the array of unique animals he suddenly noticed that the barn was ablaze in the distance, and ran to the rescue. Read this delightful story to see who is named "Animal of the Year "

Fabulous piece of writing. It is really quite astounding that Machen is largely forgotten as a writer. In The Secret Glory, I particularly loved Machen's satirical social comments about the class system, Christian hypocrisy and the sadistic puritanism of English Public Schools. This isn't always an easy book to read but it is very rewarding, and after reading, like the best literary works, carves out a place for itself in one's psyche. (M.J. Johnson)

A book of magic tricks for a younger audience.

Bored, single and without a care in the world, Cindy Parsons spends her days illustrating pictures and comics for her clients, yet she dreams of something more. In her life, she always wanted to be a detective, but unfortunately, she didn't really have the chops. Forced to the sidelines due to her own inability to pass a police exam, Cindy spends her days drawing and watching detective shows. Then...one day she receives an email, it's strange and short. "It was him all along.

He's going to kill you too, I hope I'm not too late." Such an email, Cindy quickly finds, was not meant for her at all! Can she find out who the email was meant for before it was too late?Join Cindy Parsons on her first exciting adventure as an amateur detective. With no training except for the copious hours of police dramas that she watched, follow her as she looks to crack the case of a lifetime. She'll face many challenges in her quest to find out the truth of the mysterious email, the police, her own fears and a complex web of mystery that will take her further than she had ever gone before. Can she solve the case, avoid getting thrown in jail for meddling and overcome her own naiveté in order to find out the truth of the email that was sent to the wrong person!
