introductory textbook is a comprehensive overview of the field of second language acquisition. In an easy-to-read, accessible style, it provides students with information about the scope of the field, but also provides background information on related areas such as first language acquisition.

Acces PDF Second Language Acquisition: An Introductory Course 4th Edition

Now in a fifth edition, this bestselling introductory textbook remains the cornerstone volume for the study of second language acquisition (SLA). Its chapters have been fully updated, and reorganized where appropriate, to provide a comprehensive yet

Acces PDF

Second

accessible overview of the field and its related disciplines. In order to reflect current

developments, new sections and expanded discussions have been added. The fifth edition of Second Language Acquisition retains the features that students found useful in previous editions. This edition provides pedagogical

Acces PDF

Second

tools that encourage students to reflect upon the experiences of second language learners. As with previous editions, discussion questions and problems at the end of each chapter help students apply their knowledge, and a glossary defines and reinforces must-know terminology. This clearly written, comprehensive,

Acces PDF

Second

and current textbook, by Susan Gass, Jennifer Behney, and Luke Plonsky, is the ideal textbook for an introductory SLA course in second language studies, applied linguistics, linguistics, TESOL, and/or language education programs.

This book is a thorough revision of the highly

Acces PDF

Second

successful text first published in 1994. The authors retain the multidisciplinary approach that presents research from linguistics, sociology, psychology, and education, in a format designed for use in an introductory course for undergraduate or graduate students. The research is updated throughout and there are

Acces PDF

Second

new sections and chapters in this second edition as well. New chapters cover child language acquisition (first and second), Universal Grammar, and instructed language learning; new sections address issues, such as what data analysis doesn't show, replication of research findings, interlanguage transfer (multilingual acquisition

Acces PDF

Second

and transfer), the aspect hypothesis, general nativism, connectionist approaches, and implicit/explicit knowledge. Major updates include nonlanguage influences and the lexicon. The workbook, *Second Language Learning Data Analysis, Second Edition*, makes an ideal accompaniment to the

Language Acquisition: An Introductory Course, 4th Edition
reinforces must-know terminology. This clearly-written, comprehensive, and current textbook, by expert Sue Gass, is the ideal textbook for the introductory SLA course in second language studies, applied linguistics, linguistics, TESOL, and language education programs.

This textbook offers an

Page 48/63

Acces PDF

Second

Language Acquisition: An Introductory Course, 4th Edition

introductory overview of eight hotly-debated topics in second language acquisition research. It offers a glimpse of how SLA researchers have tried to answer common questions about second language acquisition rather than being a comprehensive introduction to SLA research. Each chapter comprises an

Acces PDF

Second

introductory discussion of the issues involved and suggestions for further reading and study. The reader is asked to consider the issues based on their own experiences, thus allowing them to compare their own intuitions and experiences with established research findings and gain an understanding of

Acces PDF

Second

methodology. The topics are treated independently so that they can be read in any order that interests the reader.

4th
Edition

A clear and practical introduction to second language acquisition, written for students encountering the topic for the first time.

Understanding how

Page 51/63

Acces PDF

Second

Language Acquisition An Introductory Course 4th Edition
people learn and fail to learn second and foreign languages is increasingly recognised as a critical social and psycholinguistic issue.

Second languages are vitally important to diverse groups of people, ranging from refugees to college students facing foreign language requirements. This book provides a synthesis of

Acces PDF

Second

empirical findings on
second and foreign
language learning by
children and adults,
emphasising the design
and execution of
appropriate research.

This third edition of the
best-selling Theories in
Second Language
Acquisition surveys the
major theories currently
used in second language

Second

acquisition (SLA)

research, serving as an ideal introductory text for undergraduate and graduate students in SLA and language teaching.

Designed to provide a consistent and coherent presentation for those seeking a basic understanding of the theories that underlie contemporary SLA research, each chapter

Acces PDF

Second

focuses on a single theory. Chapters are written by leading scholars in the field and incorporate a basic foundational description of the theory, relevant data or research models used with this theory, common misunderstandings, and a sample study from the field to show the theory in practice. New to this

Acces PDF

Second

edition is a chapter addressing the relationship between theories and L2 teaching, as well as refreshed coverage of all theories throughout the book. A key work in the study of second language acquisition, this volume will be useful to students of linguistics, language and language teaching, and to researchers as a

Acces PDF

Second

guide to theoretical work
outside their respective
domains.

Introductory

Children learn languages
quickly and easily while
adults are ineffective in
comparison -- A true
bilingual is someone who
speaks two languages
perfectly -- You can
acquire a language simply
through listening or
reading -- Practice makes

Acces PDF

Second

perfect -- Language students learn (and retain) what they are taught -- Language learners always benefit from correction -- Individual differences are a major, perhaps the major, factor in SLA -- Language acquisition is the individual acquisition of grammar.
