Are you ready to be a contender? Sylvester Stallone's action – oriented program for getting fit and eating right is also a revealing portrait of one of Hollywood's biggest stars. Sly Moves is more than just a handbook on fitness and nutrition. It's a provocative and candid inside look at the trials and triumphs of one of Hollywood's most famous stars. Throughout his career, Sly has always been body conscious, and as he experimented with intense training methods for various films, he has learned – often the hard way – what works and what definitely doesn't. His goal here is to help readers change harmful fitness habits, learn to counter reckless eating, and appreciate who they are even when they don't feel much like action heroes. Part 1 is a history of Sylvester Stallone's physique, as the Rocky star shares stories about his being bullied as a child, finding comfort and strength at the gym, and then later, the wild ride of fad diets, crash – training regimens and workout disasters that fringed on obsession. Part 2, The Sly Moves workout, outlines four exercise programs: classic, advanced, women's and hardcore. The workouts only require a commitment of about three hours a week (exactly the same amount of time Sly works out). The Sly Moves eating plan (Part 3) is Sly's nutrition guide, highlighted by a unique meal plan for a lifetime of good eating. Part 4 gives Sly an opportunity to inspire and encourage readers to make Sly Moves part of a long – term picture of health, fitness and wellbeing, with tips on everything from keeping goals and relaxation techniques to lessons learned from The Contender.

With his sculpted physique and brooding good looks, Sylvester Stallone remains the quintessential movie star. His love life has drawn as much attention as his \$2 billion-grossing films. After a long-suffering first wife and a philandering second, his current spouse is a supermodel 25 years his junior, and between each marriage he was seen with a catwalk's worth of women who seemed to live on the cover of Vogue. Stallone: A Rocky Life reveals the emotional background of this most private public figure. Based on exclusive interviews with the star himself, his outspoken mother, his second wife and a host of celebrity colleagues and friends, the book presents an insider's view of the actor. Fans will find the star's personal life as compelling as any of his action adventures. The author also tells the story of Stallone's film career, from cartoon icon to failed comic actor to his incarnation as an overweight anti-hero in the critically acclaimed Cop Land. Stallone: A Rocky Life is a thoughtful examination of a man who faced up to tragedies and setbacks to win fame, fortune and happiness.

In just two weeks you'll lose weight, be healthier, and you can still eat your favorite chips, cookies, and ice cream! The reason so many diets fail for so many people is that they force the dieter to cut out the foods they love and crave. With The 90/10 Weight-Loss Plan, dieters learn to balance their food intake by eating 90% healthy, nutritious food, with 10% "Fun Food"—whatever they want, whenever they want. Nutritionist Joy Bauer has created a phenomenon that has taken the nation by storm: a diet that is healthy and easy to follow. And since dieters don't feel deprived of their favorite foods, The 90/10 Weight-Loss Plan is a program they can stay on. The innovative plan offers: - Three different caloric levels, based on one's weight-loss goal - 42 meals for each level, including breakfasts, lunches, dinners and snacks - Meals that provide the most nutrition possible, while reducing saturated fat and cholesterol intake - Meals that help reduce the risk of heart disease and cancer - Menus that are designed to include food the dieter will love!

Despite a few bumps, leaks, and spills along the way, the trip overall is a great success as the kids aboard the colorful train take great delight in their potty-training journey to Underpants Station.

After cracking the ribs of his insanely jealous sparring partner, the once-down-and-out heavyweight moves on to the title fight with Apollo Creed

Sylvester Stallone has been a defining part of American film for nearly four decades. He has made an impact on world entertainment in a surprisingly diverse range of capacities – as actor, writer, producer, and director – all while maintaining a monolithic presence. With The Ultimate Stallone Reader, this icon finally receives concerted academic attention. Eleven original essays by internationally-known scholars examine Stallone ' s contributions to mainstream cinema, independent film, and television. This volume also offers innovative approaches to star, gender, and celebrity studies, performance analysis, genre criticism, industry and reception inquiry, and the question of what it means to be an auteur. Ultimately, The Ultimate Stallone Reader investigates the place that Sylvester Stallone occupies within an industry and a culture that have both undergone much evolution, and how his work has reflected and even driven these changes.

Are you ready to take your exercise and fitness routine to the next level? Then take a lesson from internationally renowned action hero Dolph Lundgren. With detailed exercise plans and over one hundred step-by-step photos, Extreme Fitness: How to Train Like An Action Hero is the kickass guide to building a body that will look great and make you feel even better—forever.

Bestselling and award-winning author Lisa Scottoline reaches new heights with this riveting novel about how a single decision can undo a family, how our past can derail our present, and how not guilty doesn't always mean innocent. Allie Garvey is heading home to the funeral of a childhood friend. Allie is not only grief-stricken, she's full of dread. Because going home means seeing the other two people with whom she shares an unbearable secret. Twenty years earlier, a horrific incident shattered the lives of five teenagers, including Allie. Drinking and partying in the woods, they played a dangerous prank that went tragically wrong, turning deadly. The teenagers kept what happened a secret, believing that getting caught would be the worst thing that could happen. But time has taught Allie otherwise. Not getting caught was far worse. Allie has been haunted for two decades by what she and the others did, and by the fact that she never told a soul. The dark secret has eaten away at her, distancing her from everyone she loves, including her husband. Because she wasn't punished by the law, Allie has punished herself, and it's a life sentence. Now, Allie stands on the precipice of losing everything. She's ready for a reckoning, determined to learn how the prank went so horribly wrong. She digs to unearth the truth, but reaches a shocking conclusion that she never saw coming—and neither will the reader. A deeply emotional examination of family, marriage, and the true nature of justice, Someone Knows is Lisa Scottoline's most powerful novel to date. Startling, page-turning, and with an ending that's impossible to forget, this is a tour de force by a beloved author at the top of her game.
