A scabrously funny look inside the classroom from a teacher who has had enough of a system that is on its knees and with morale at rock-bottom. Reasoning that it's either laugh or cry, this teacher does both. Heartfelt and seriously funny, Class War is a diary account written as therapy, and an inside look like no other at the pressure-cooker that is a secondary school. Hilarious, heart-breaking and impassioned, this is a book about the value and importance of good teachers and good schools in a world where lack of resources and ever increasing demands place intolerable strains on them, Class War is a heartfelt portrait of the profession of teaching and a state education system where no one should be left behind but too many are.

An enthusiastic first-year teacher in the Chicago public school system reveals her frustrations, achievements, and struggles to maintain her individuality in the face of incompetent administrators,
